MUNICIPAL MATTERS.

Chas. A. Gass Elected Mayor by Acclamation.

A LONG LIST OF ASPIRANTS FOR COUNCILLORSHIP—THE SCHOOL TRUSTEES.

AN ENTHUSIASTIC MEETING ON WEDNESDAY EVENING.

OYSTERS ARE NOT IN IT.

The nomination for Mayor and Councillors for 1894 was held in the town hall on Christmas day. Nomination for School Trustees was held at the same time. The result of the nominations were as follows:—

MAYOR.

Chas. A. Gass, elected by acclamation.

COUNCILLORS.

J. G. Chalmers, O. B. Fyeh, J. M. Simington, C. A. W. Stunt, Alex. Davidson, Benj. Fletcher, Wm. Hann, E. G. Herrier, R. E. Dorman and H. Richards.

SCHOOL TRUSTEES.

After the close of the nominations for Mayor and Councillors Messrs. T. B. Baker, Hugh Ferguson and W. Little were nominated for School Trustees. Mr. Little did not consent to nomination and Messrs. Baker and Ferguson were declared duly elected.

A MASS MEETING

of electors was called by Mayor Grayson for Wednesday evening in the town hall, at which there was a large attendance.

HIS WORSHIP'S SPEECH.

Mayor Grayson in opening the meeting stated that he did not propose to make any extended remarks as he would leave the details of the work of the council to the chairmen of the various committees. He regretted that the council had been unable to float the debentures owing to the tightness of the money market but a temporary loan had been arranged with the Bank of Montreal whereby the council had been enabled to meet pressing claims. A good deal of work had been planned by the council in the way of public improvements, and some new sidewalks and crossings had been constructed. The mayor stated that the council had worked together in harmony throughout the year and the business of the town had been well attended to by the various members of the council. The town of Moose Jaw was one of the cleanest, most law abiding and orderly in the Territories. His worship thought that the incoming council should make strong representations to the C. P. R. authorities to induce them to erect a new station to accommodate the constantly increasing traffic as Moose Jaw promises to be one of the most important railway centres in the North-West.

COUNCILLOR NEELAND

on being called upon disabused the minds of the audience that the mayor was a figure head. Being ex-officio a member of all committees and having other important duties to fulfil, his position was no sinecure. After speaking of the uniform good feeling that had existed between the councillors he read a detailed statement of the town's finances.

Councillor Neeland referred to the difficulty connected with the loan of \$5,000. The loan could have been floated but it was not in the interest of the town to sell at a disadvantage. This would account for the fact that certain improvements were not made. In closing Councillor Neeland thanked the electors for the confidence in the past.

COUNCILLOR STUNT.

Councillor Stunt, chairman of the F. W. & L. Committee reported that the fire appliances were in good condition and ready for a heavy fire. He regretted that a fire brigade had not been formed. He expressed the idea that a partly volunteer fire brigade was impossible. Some inducement should be offered. He suggested that a small sum should be laid by for salaries for the heads of departments and also to defray expenses of practising. This is a matter that should engage the earnest attention of the new council.

COUNCILLOR FERGUSON

was greeted with loud and prolonged applause. His department had not had much work to do. The little he had to do he did as well as possible. In the matter of opening the lanes he had valuable assistance. He was not a candidate this year.

COUNCILLOR SIMINGTON

said that his department like that of the previous speaker had not been overworked. Everything that was possible was done to keep the town in a clean and healthy condition. Councillor Simington said that the retiring Mayor took great interest in the welfare of the town and if a figure-head he was a very good one, and hoped that each council could boast as efficient and painstaking a "figure head" as Mayor Grayson.

COUNCILLOR FYEH

on taking the platform hinted that the flattering remarks he heard from previous speakers indicated that there were oysters ahead (laughter). After relating the history of the \$5000 loan, Councillor Fyeh gave a lengthy statement regarding local improvements, particularly with regard to the proposed catch basin at the foot of Main St. He spoke strongly of the necessity of co-operation on the part of the C. P. R. He thought that the C. P. R. should bear a considerable portion of the expense of improvements that would benefit the company as well as the town.

The town was in very fair shape and he hoped that the next year's council will keep the town up to the standard. Money invested in public improvements was a good advertisement for the town. He claimed the credit of planning some of the public improvements. Some remarks had been made about the stone crossings. The difficulty lay in finding a competent man to superintend the work of putting in these crossings. In closing Councillor Fyeh asked the support of the electors on account of his past record. Some of the old Councillors should be sent back for obvious reasons.

Mr. Chalmers created much merriment by agreeing with Councillor Fyeh that if there was an oyster supper on hand that he (Fyeh) would be there.

A. E. RICHARDS

on being called upon thanked his friends for the honor of bringing him out. He had never filled a municipal office and would make no boast as to what he could or would do if elected. If the electors saw fit to place him in this office he would act fairly, squarely and independently.

BENJAMIN FLETCHER

promised if elected to take active measures with regard to drainage and the construction of proper crossings. A fair share of the public money should be used for these purposes.

The meeting was now thrown open and Mr. R. Bogue was loudly called for. He expressed his pleasure at hearing the speakers of the evening. He thought that the electors should consider the qualification of each candidate independently.

The building of new sidewalks on Main St. was a mistake, as the old sidewalks were badly damaged in taking them up and the old sidewalks could have been utilized for several years yet. There should have been a fuller statement of the town's finances than was presented at this meeting.

The Mayor, in reply to the previous speaker, took issue on the ground that the necessity for new sidewalks was urgent and the Council thought they were taking timely action in the matter.

A. E. ROBINSON

was then called upon. He complimented Mayor Grayson on his civic career. He had been instrumental in bringing Mr. Grayson out and was not sorry for having done so. Next year would be an important one for Moose Jaw on account of the power delegated to the council by the N. W. Assembly to change the present basis of taxation if they so wished. By the single tax system it was possible to assess the earnings of the C. P. R. and the various loan and insurance companies at this point. The question was whether it would be wisdom on the part of the council to take action in these matters if they so wished. The ratepayers would vote with cool judgement at the election on Monday, and that they would see to it that men of experience and ability were elected.

Councillors Stunt, Simington and Fyeh then spoke briefly on the single tax question; and the two last speakers expressed themselves most emphatically on the subject of the Main St. sidewalks. Both thought that the necessity of their replacement was pressing, and that the action of the council was well advised.

F. B. BAKER

briefly addressed the meeting. He thought that the retiring council had done as well as they could be expected. They had done their best with the money at their disposal. The building of the sidewalks was in accordance with the expressed wish of the ratepayers at a public meeting called to discuss the \$5000 by-law. The material however, was not as good as might be. The financial statement should have been published at least two weeks before nomination. A good, clear financial statement should be presented at the close of each year and there was no excuse for this oversight. After referring briefly to the single tax, Mr. Baker spoke of the transient trader by-law. There were many cases where this by-law could have been put into effect and considerable money made out of it. It was an injustice to established business men to allow men to come in and carry on business on a cheap basis. The license should be paid in every case. Mr. Baker also spoke on school matters.

Councillor Neeland stated that individual councillors are not supposed to make financial statements. He had seen some financial statements ostensibly prepared by the previous speaker in his capacity as chairman of the School Board, but his (Mr. Neeland's) opinion was that Mr. Baker had very little to do with their preparation. The officer who handles the town finances should make the financial statement. He expressed himself as opposed to any tax on transient traders. It was bad legislation to prevent the freest sale of goods in town. There are many reasons why we should have competition. Ratepayers should have access to the cheapest market.

W. W. Bole was called to the platform. He stated that the Council has no right to allow a man to come into this town and sell goods without contributing his quota to the town revenues.

T. B. Baker in reply to Mr. Neeland, spoke of his reflections regarding the School Board. It was his duty as Chairman to see that the financial statement was made. It was clearly the duty of the chairman of the finance committee to see that the proper officer performed this duty.

H. MCCULLOCH

felt that as a servant of the council he should say a few words. The same statement was presented as at all the annual meetings for the past five years. He read the ordinance on the subject and claimed that the provisions of the ordinance had never been carried out in the past.

AFTER THE FAIR.

The Chicago Inter-Ocean of Sunday last devotes seven columns of its space to a description of the desperate condition of affairs that exists in Chicago. On account of the prominence of the late exhibition the position will be watched with keen interest. There is no disposition on the part of the Chicago press to disguise the lamented truth.

The charitable institutions of the city are all crowded, the jails, station houses, the City hall and the temporary places used for the shelter of the homeless are nightly packed to suffocation, but the overflow is still large enough to encumber the hallways, the doors and the alleys of the city. In the day time pestilence is pulling at every door bell and demanding food. The Mayor of the city admits that the unemployed are reckoned by tens of thousands. The newspapers find the unsheltered are legion. As many as fifty thousand are begging for food. The present extremely cold weather has much intensified the sufferings of this multitude. The tenements contain as much vice as wretchedness. Many of the lodgers in these places take off their wet shoes and use them for pillows. If they should leave them on their feet they would be stolen.

One young man, whose relatives live in Minnesota, describes the increasing hopelessness of the out-of-work attempts to find employment. He lost his place through sickness. The boarding house might have kept him, but the people who kept it failed. From soiled linen he declined to dirty clothes; after that no one listened to him. He begged, once he got money and he went down on his knees to thank the donor. Some of the men encountered clamoring around the city hall in daytime and stretched out upon its floor at night have families in other cities. Twenty-one persons of this class were found by the reporters of the Inter-Ocean on Saturday last who had not tasted food for twenty-four hours. One of their number used to be a banker in Kansas. Last summer when the financial panic made havoc in the State, he failed.

Prof. St. George Mavart explains, in the December number of the Nineteenth Century, his submission to the decrees of the Congregations of the Index and Inquisition against his article on "Happiness in Hell." The word "happiness" no longer finds a place in his allusions to these articles. He says that, being "convinced that a belief in an eternal hell is a most reasonable belief, and that the church's doctrine fully records with right reason the highest morality and the greatest benevolence" he did his "best to show that such was the case." "But," he adds, "the method I employed was unfortunate." He also says, "My meaning concerning the possible unconsciousness, as to certain conditions attending their future state, of souls, was also strangely misunderstood." He recounts, however, some of the comments that have been made on his submission points out that publications are placed on the Index for many reasons, and they be there without containing any doctrinal error; that no

retraction has been demanded of him, and that no assertion of his has been censured. "Nevertheless," he says, "I have submitted, and do, and will, submit 'ex animo' to the decree."

OUR TOWN FATHERS.

Stunt—Hannah—That the Constable be instructed to proceed against all parties in arrears of the payment of Poll Tax forthwith.— Carried.

The council then adjourned.

In Ye Olden Tyme.

The following letter from a 1714 newspaper gives a picture worth preserving of the time when Massachusetts extended to Canada, permitted legalized slaveholding, tolerated Quakers and Baptists, had bears and Indians, and scrupulously observed the Sabbath:

"Ye Governor was in ye house and Her Majesty's commissioners of ye customs, and they sat together in a high seat of ye pulpit stairs. Ye Governor appears very devout and attentive, although he favors Episcopacy and tolerates ye Quakers and Baptists.

"He was dressed in a black velvet coat, bordered with gold lace, and buff breeches with gold buckles at ye knees, and white silk stockings.

"There was a disturbance in ye galleries, where it was filled with divers negroes, mulattoes and Indians, and a negro called Pomp Shorter, belonging to Mr. Gardner, was called forth and put in ye broad aisle, where he was reproved with great carefulness and solemnity.

"He was then put in ye deacon's seat between two deacons, in view of ye whole congregation; but ye sexton was ordered by Mr. Prestcott to take him out, because of his levity and contortion of countenance (giving grave scandal to the grave deacons), and put him in a lobby under the Stairs; some children and mulattoes were reprimanded for laughing at Pomp Shorter.

"When ye services at ye meeting house were ended ye council and dignitaries were entertained at ye house of Mr. Eves, on ye hill near by and we

had a beautiful Thanksgiving dinner with bear's meat and venison, the last of which was a fine buck shot in ye woods near Ye bear was killed in Lynn woods near Reading.

"After ye blessing was craved by Mr. Garrich of Wrentham, word came that ye buck was shot on ye Lord's day by Pequot, an Indian who came to Mr. Eves with a lie in his mouth like Ananias of old. Ye council therefore refused to eat ye venison, but it was afterwards decided that Pequot should receive 40 stripes—save one, for lying and profaning ye Lord's day, restore Mr. Eves ye cost of ye deer, and considering this a just and righteous sentence on ye sinful heathen, and that a blessing had been craven on ye meat, ye council all partook of it but Mr. Shepard, whose conscience was tender on ye point of ye venison.

The Deacon Had Been There.

ANNUAL REPORT

OF THE
BOARD OF SCHOOL TRUSTEES.

To the Ratepayers of the Moose Jaw School District.

Trustees of the Moose Jaw School District beg to submit for your Annual Report.

Prof. Goggin, Chief School Inspector for the Territories, in his address to the Board commented very highly on the progress of the various Departments, and the standing of our school is second to none of the midsummer examinations held by the Intermediate and High School Departments with those of any other school in the district.

The finances of the District are in healthy condition, the Treasurer's statement, submitted to the Legislative Assembly in reference to the report received by this district from the Department, shows that for last year. As this grant of \$100,000 in attendance at school would result in a decrease in the Government grant we have over those of 1893. In 1892 the school year it will be about 13 mills, a decrease

substantial improvement undertaken by the school in front of the school. We have 1894 a sum sufficient to defray the cost of their annual report the School Board of 1892 and as there was no opposition to the provide for the same. It is to be hoped the idea and that some attempt will be made of trees, etc.

of the district are thoroughly alive to school in Moose Jaw yet we regret to find that it should not be necessary to go to the "Compulsory Education" law in the district a few parents who are children in the matter of education. We would suggest that steps be taken to the provisions of the Ordinance.

THOS. B. BAKER,
Chairman of School Board.

SECRETARY'S REPORT.

To the Ratepayers of the Moose Jaw P. P. School District No. 1.

GENTLEMEN:—I have the honor to submit to you the following report, as Secretary of the Moose Jaw School District under the provisions of Chapter 173 of the School Ordinance.

The names of the Trustees are as follows:—Messrs. Thos. B. Baker, Chairman, A. Hicks, W. W. Bole, C. A. Gass, and Thos. E. Birbeck. During the year one vacancy occurred owing to the resignation of Mr. John Naiman.

The assessable property in the district is rated at \$230,535.75 and the School Tax is 13 mills per dollar. The amount required as per estimate for 1894 is \$30,000.

The School Board meet twice every month to transact business, the actual number of meetings held by the Board during the year being 16 regular and 2 special.

The Real Property held by the School is as follows:—Fourteen lots and School building therein and furniture therein valued at \$8,600.

At the close of 1892 there was an indebtedness of \$6,450 as follows:—Due Hitchcock & McCulloch \$400; Debiture No. 1, \$4,250; Debiture No. 2, \$1,800. Of this amount the sum of \$850 has been paid, the school indebtedness being \$5,600 on debiture account at the present time.

All of which is respectfully submitted.

SEYMOUR GREEN,
Secretary.

NORTHERN PACIFIC EXTENSION.

The Northern Pacific Railroad has put into effect a series of low round-trip rates to Pacific Coast points. These California tickets are good until April 30th, 1894 and are good for stopover under certain conditions.

These rates will enable those desiring to do so, to spend the winter in Southern California, or to visit the mid-winter fair to be held at San Francisco. This latter event will undoubtedly be second only to the World's Fair just closed, and will repay a visit as it will exhibit the resources and capabilities of California.

From Winnipeg, Portage la Prairie, and Brandon to North Pacific coast points and return \$70.80, to San Francisco and return \$100.80, to Los Angeles and return \$119.80, to San Diego and return \$129.80.

THE GREAT SOUTH AMERICAN NERVE TONIC

AND
STOMACH AND LIVER CURE
The Wonderful HEALTH BUILDER & NERVE FOOD
Chronic Diseases are caused by Deranged Nerve Centres at base of the Brain.

LATE discoveries have absolutely proven that the Stomach, Liver, Lungs, and indeed all internal organs, are controlled by the nerve centres at the base of the brain. The manufacturer of SOUTH AMERICAN NERVE TONIC has studied this subject closely for more than twenty-five years, and has lately demonstrated that two-thirds of our Chronic Diseases, are due to the imperfect action of nerve centres, either within or at the base of the brain and not from a derangement of the organs themselves; hence that the ordinary methods of treatment are wrong.

As all know, a serious injury to the spinal cord, will at once cause Paralysis of the body below the injured part, it therefore will be equally well understood, how the derangements of the nerve centres, will cause the derangement of the different organs of the body which they supply with Nerve Fluid or Nerve Force.

The wonderful success of SOUTH AMERICAN NERVE TONIC is due alone to the fact that it is based on the foregoing principle. The use of a single bottle of this remedy will convince the most incredulous. It is indeed, a veritable Nerve Food and will Relieve in One Day the varied forms of Nervous Disease and Stomach Troubles.

Nervous Diseases.

This class of diseases, is rapidly increasing each year, on account of the great wear our mode of living and labor imposes upon the nervous system. Ninety-nine of all the ailments to which the human family is heir, are dependent upon nervous exhaustion, impaired digestion, and a deteriorated and impoverished condition of the blood. The SOUTH AMERICAN NERVE TONIC is a great nerve food and nerve builder and accounts for its marvellous power to cure the varied forms of nervous disease, such as Neuralgia, Nervousness, Nervous Prostration, St. Vitus's Dance, Nervous Choking, Nervous Paralysis, Twitching of the Muscles, Hot Flashes, Mental Despondency, Forgetfulness, Sleeplessness, Headaches, Nervousness of Females, Palpitation of the Heart, Sexual Weakness, etc., etc.

A WONDERFUL CURE FOR ST. VITUS'S DANCE.

My daughter, twelve years old, had been afflicted for several months with St. Vitus's Dance. She was reduced to a skeleton, could not walk, could not talk, could not swallow anything but milk. I had to handle her like an infant. Her mother and neighbors gave her up. I commenced giving her the SOUTH AMERICAN NERVE TONIC, and the effects were very surprising. In three days she was rid of the nervousness, and rapidly improved. Four bottles cured her completely. I think the SOUTH AMERICAN NERVE TONIC the grandest remedy ever discovered, and would recommend it to everyone.

A WONDERFUL CURE FOR

INDIGESTION and DYSPEPSIA.

Loss of Appetite, Weight and Tenderness in the Stomach, Sour Stomach, Pain in the Stomach, Wind upon the Stomach, Nausea and Sick Stomach, Sick-Headache, Hiccough, Water-Breath, Heartburn, Vertigo and Dizziness, Sleeplessness, Frightful Dreams, etc.

The Stomach suffers more than any of the other organs from disease, because into it are taken so many indigestible and irritating substances as articles of food. In its great effort to digest them, it soon becomes weakened and diseased. Under such circumstances, it is not wonderful, that so many complain of indigestion and weak stomachs. When the Stomach fails to digest and assimilate the food, the whole body falls into a state of weakness and decay.

For Nature has decreed that the body must constantly receive nutriment through the Stomach, to repair the waste of tissue constantly going on in the system.

The South American Nerve Tonic is probably the greatest remedy ever discovered for the cure of all Chronic Stomach troubles, because it acts through the nerve centres. It gives marked relief in one day, and very soon effects a permanent cure. The first bottle will convince anyone that a cure is obtainable.

WHAT EX-MEMBER OF PARLIAMENT, REUBEN E. TRUW, SAYS.

I have been for about ten years severely troubled with indigestion and dyspepsia. I have tried a great many different kinds of patent medicines, and have been treated by a number of physicians and found no benefit from them. I was recommended to try SOUTH AMERICAN NERVE TONIC, and I obtained a bottle, and I must say I have found it to be a great relief, and I have taken two more bottles, and now I feel entirely free from indigestion, and would strongly recommend it to all who suffer from the disease, to give SOUTH AMERICAN NERVE TONIC an immediate trial.

It will cure you, July 16th, 1893.

HARTFORD CITY, NICHOLS & CO., Indiana, June 8, '93.

GENTLEMEN: I received a letter from you May 27, stating that you had heard of my wonderful recovery from a spell of sickness of six years duration, through the use of SOUTH AMERICAN NERVE TONIC, and asking for my testimonial. I will gladly state how I was afflicted and how I was delivered from my pain and suffering.

I was near thirty-five years old, when I took down with nervous prostration. Our family physician treated me, but without benefiting me in the least. My nervous system seemed to be entirely shattered, and I constantly had very severe shaking spells. In addition to this I could not retain anything on my stomach. Many consultations were held by physicians over my case, but they all agreed that I would never leave my bed. During the years I lay sick, my folks had an eminent physician from Dayton, Ohio, and two from Columbus, Ohio, to come and examine me. They all said I could have my life, but I could not eat and I lost for a time after each. At last I lost the use of my body—could not rise from my bed or walk a step, and had to be lifted like a child; all the time suffering intense pain, and taking almost every known medicine. Part of the time I could read a little, and one day saw an advertisement of your medicine and concluded to try one bottle. By the time I had taken one and one-half bottles I could rise up and take a step or two by being helped, and after I had taken five bottles in all I felt real well. The shaking went away gradually, and I could eat and sleep good, and my friends could scarcely believe it was I. I am sure this medicine is the best in the world. It was a god-sal to me, and I believe it saved my life. I give my name and address, so that if anyone doubts my statement they can write me, or our postmaster or any citizen, as all are acquainted with my case. I am now forty-one years of age, and expect to live as long as the Lord has use for me and do all the good I can in helping the suffering.

MISS ELLEN STOLTZ.

Will a remedy which can effect such a marvellous cure as the above, cure you?

A MINISTER OF THE GOSPEL SPEAKS.

PETERBORO, Ontario, June 27, 1893.

To the Proprietor of South American Nerve Tonic.

DEAR SIR,—I have much pleasure in recommending the great SOUTH AMERICAN NERVE TONIC to all who are afflicted as I have been, with nervous prostration and indigestion. I found very great relief from the very first bottle, which was strongly recommended to me by my druggist. I also induced my wife to use it, who, I must say, was completely cured and was suffering very much from general debility. She found great relief from SOUTH AMERICAN NERVE TONIC, and also cheerfully recommends it to her fellow sufferers.
